

## American Red Cross

### Disaster Relief Services

Red Cross disaster assistance may be in the form of feeding stations • clothing • shelter • cleaning supplies • comfort kits • first aid, or the provision of other basic needs. The Red Cross supplies blood, handles welfare inquiries, and as soon as possible helps with the most urgent needs to enable families to resume living as a unit. On the basis of verified need, help is given as funds for food • clothing • housing • fuel • cooking and eating utensils • bed and bedding • cleaning supplies • linens • rent • necessary furniture • medical and health care • prescription drugs • prosthetic devices • eyeglasses • personal occupational supplies and equipment • transportation • and minor home repairs.

*All Red Cross help to disaster victims is a gift. No repayment is required or requested. All funds used by the Red Cross for this purpose are voluntarily donated by the American people.*

Red Cross disaster services are carried out by trained volunteers supported by a few paid staff. **Your local chapter needs your help. Call or visit to find out how to become a Red Cross volunteer.**

### Family Disaster Plan & Personal Survival Guide

There are many kinds of disasters which seldom give warning and are devastating to their victims: earthquake, flood, fire, hurricane, tornado, dust storm, airplane crash, chemical spill, pipeline leak, and explosion, etc.

Plan now so you and your family will be prepared when and if a disaster strikes.
